SUMMARY

I have a strong passion for User Experience (UX) and Inclusive Design, and I'm dedicated to implementing design-driven solutions. With five years of development experience, including one and half year of professional work as a Frontend Developer, I have successfully created web-applications as part of my role.

WORK EXPERIENCE

CODETREEBD

Frontend Developer

Oct-2021 - Feb-2023

My work responsibilities were as follows:

- Taking initial brief from stakeholders, Conduct research and analysis, brainstorm about concept generation.
- Developing prototype based on Client's feedback.
- Developing User Interface (UI), User Experience (UX) and Visual Design.
- Test project for usability, also ensure browser compatibility.
- Implementing and Using REST API
- Collaborating with marketing team for analyze and developing solution.
- Work on QA (Quality Assurance) with multidisciplinary team (Frontend development, Backend development and App development), and reassigning task to the respective team.
- Installation of hardware components and other peripherals related to developed project in project sites (outdoor work).
- Additionally, I worked as intern supervisor for the company.

PROJECT EXPERIENCE

Bellow are some of the project that I have worked on:

01 PRIVATE UNIVERSITY INFORMATION SYSTEM

Role: Lead Developer

The project was designed and developed to provide admission related information to the students seeking admission. For the backend development I have used PHP and MySQL, and Google Authenticator for two step verification. Frontend was done with HTML, CSS, bootstrap and JavaScript.

02 BOOK FINDER

Role: Lead Developer

At the university library when someone has taken a book and reading it at the library table, there was no data that shows who has taken the book and at what table it is. The project was designed to keep the history and help students find the books. For the project, we made a device using Arduino, so when a student took a book at a table at the library, he has to scan the book at the table and that would automatically update the book name and table ID in the bookshelf display.

SKILLS

- JavaScript/ECMAScript 6
- ReactJS
- Bootstrap 5
- SCSS/CSS
- TailwindCSS3
- UI/UX Design
- Git

Applications

- Figma
- Adobe XD
- Adobe Photoshop
- Adobe Illustrator
- Microsoft Office

LANGUAGE

English - Fluent

Bangla - Native

PERSONAL DATA

Date of Birth

April 15, 1998

Father's Name

Md. Lutfor Rahman

Mother's Name

Sumsun Nahar

ACADEMIC HISTORY

2021 BACHELOR OF SCIENCE

North South University, Dhaka
Computer Science and Engineering (CSE)

2015 HIGHER SECONDARY SCHOOL CERTIFICATE

B.A.F. Shaheen College (Kurnitola), Dhaka
Science, Result: 5.00

2013 SECONDARY SCHOOL CERTIFICATE

Uttara High School, Dhaka
Science, Result: 5.00

TRAINING

Think in a Redux way - 2023

Topic: -Redux Fundamentals,
-Introduction to React Redux,
-Redux Toolkit,
-RTK Query,
-Selector, Reselect, Memorized Selector and Redux Vs. Context API
Institute: <https://learnwithsumit.com/>
Location: Online
Course Status: Ongoing

GOOGLE UX DESIGN, PROFESSIONAL CERTIFICATE - 2022

Topic: -Foundations of User Experience (UX) Design
-Start the UX Design Process: Empathise, Define, and Ideate Build
-Wireframes and Low-Fidelity Prototypes
-Conduct UX Research and Test Early Concepts
-Create High-Fidelity Designs and Prototypes in Figma Responsive
-Web Design in Adobe XD
-Design a User Experience for Social Good & Prepare for Jobs

Institute: Coursera
Location: Online
Duration: Three Months

FUNDAMENTALS OF WEB DEVELOPMENT - 2016

Topic: HTML5, CSS3, Bootstrap, jQuery, WordPress
Institute: SoftTech IT
Location: Dhaka, Bangladesh
Duration: Four Months
